

# Le coccole finali

**Bisogna trovare il connubio perfetto tra idea e sapori, l'armonia che lega semplici ingredienti a grandi ispirazioni.**

**In questo caso ho scelto l'evoluzione dell'arte nel corso del tempo, ogni piatto rappresenta il pensiero dell'artista e della corrente artistica di appartenenza.**

**Adesso immaginatevi in una galleria d'arte, ogni quadro che vedrete racconterà una storia e vi lascerà un segno.**

***La pasticceria è di per sé scienza, sta al pasticcere renderla arte.***

# The final cuddles

We need to find the perfect combination between idea and flavors, harmony which links simple ingredients to great inspirations.

In this case I chose the evolution of art over time. Each dish represents the thoughts of the artist and the artistic movement in the corresponding era.

Now imagine yourself in an art gallery, where every painting you see will tell a story and leave a mark on you.

*Pastry making is a science in itself, but it's up to the pastry chef to make it art.*

# Die letzten Kuscheleinheiten

Es gilt die perfekte Kombination zwischen Idee und Geschmack zu finden, eine Harmonie, die einfache Zutaten mit großartigen Inspirationen verbindet.

In diesem Fall habe ich mich für die Entwicklung der Kunst im Laufe der Zeit entschieden. Jedes Gericht repräsentiert die Gedanken des Künstlers und der künstlerischen Bewegung im entsprechenden Zeitalter.

Stellen Sie sich nun vor, Sie wären in einer Kunstgalerie. Jedes Gemälde, das Sie sehen, erzählt eine Geschichte und wird Spuren bei Ihnen hinterlassen.

*Konditorei ist eine Wissenschaft für sich, es liegt am Konditor, daraus Kunst zu machen.*
